## EXPERIENCE

### Front-End Development Journey

01/2023 - ongoing

#### Self-Taught & Training (Tehran, Iran)

I have been learning and practicing Front-End Development for nearly two years, completing 10+ projects using **React**, **TypeScript**, and **JavaScript**. I've built 5+ responsive web applications, focusing on performance and user experience. Committed to continuous learning, I adapt to **3+ new technologies** each year to stay updated with modern front-end trends.

### Technical Project Management

03/2019 - ongoing

#### iSEE Smart Home (Isfahan-Tehran, Iran)

##### Smart Home Solutions Engineer

- Managed 20+ projects (10+ units each), ensuring timely delivery and team coordination.
- Led R&D for 10+ units, optimizing functionality and solving technical challenges.
- Consulted 40+ clients, achieving 85%+ satisfaction by delivering tailored smart solutions.
- Quickly adapted to new electronics technologies, showcasing rapid learning and problem-solving skills.

## PROJECTS

### Tic-Tac-Toe Game – 2025

- Developed an interactive Tic-Tac-Toe game with a smooth and responsive UI.
- Built using **React.js**, **Context API** for state management, and **Tailwind CSS** for styling.
- Implemented **Progressive Web App (PWA)** features for offline functionality.
